UNIFORM CONSTRUCTION CODE

All Applicants for Building Construction Permits shall be responsible for all UCC fees charged per building inspection agency Fee Schedule in addition to any applicable L & I fee. Any and all such fees shall be payable to the Borough.

A \$100.00 deposit is required upon the submission of any building permit application to cover the costs of commencement, processing, and administrative work associated with the work listed in that application. Any unused funds shall be returned to the applicant within ninety (90) calendar days.

**Commonwealth Code Inspection Services,
Fee Schedule**

Residential inspection prices are for dwellings 0 to 2500 square feet. Dwellings over 2500 square feet will be charged an additional ten dollars per 100 square feet, which will be added to the total basic inspection fee. Fees are for a maximum of one inspection per category; additional inspections shall be billed at the minimum rate.

Footings.....	\$50.00
Foundations.....	\$50.00
Framing rough.....	\$50.00
Plumbing rough.....	\$50.00
Mechanical rough.....	\$50.00
Electrical rough/service.....	\$50.00
Energy rough.....	\$50.00
Sprinkler rough.....	\$50.00
Drywall.....	\$50.00
Final.....	\$50.00 (Including sprinkler if applicable)
	<hr/>
	\$500.00 (Inspection Fee with Sprinkler)
	\$450.00 (Inspection Fee without Sprinkler)
Application / processing Fee	\$15.00

Additional inspection fees may be assessed at not less than \$50.00 per visit as required due to the complexity, number of visits, or execution of the work being done. Small-scale projects will be priced depending on the complexity of the project, the length of the project, and the number of inspections required. Some examples are:

Mobile homes (or \$50.00 per trip).....\$300.00	Electrical Service

- General residential (R-3 & R-4) housing and additions - \$50.00
- Small alterations (residential decks, fences over 6', porches, sheds, small additions, etc)-25.00
- Sprinkler – NFPA 13R - \$0.00 (included in regular plan review)
- Sprinkler – IRC - 25.00

Commonwealth Code Inspection Service, Inc. Consolidated

Commercial Inspection Fees

The fee schedule for inspections is based upon the latest building valuation data report of square foot construction costs published by the ICC valuation service, with a regional modifier applied. Actual cost submitted to, and accepted by, the Municipality may also be used. There is a \$50.00 Application/Processing charge applied to all projects submitted on this fee schedule.

Large projects that require long term multiple inspections (progressive inspections) are calculated as follows:

Projects with a total construction cost of \$0.00 to \$499,999.99

$$\begin{aligned}
 & \text{Total construction cost} \times .002 = \text{insurance cost} \\
 + & \text{Estimated length of project in weeks} \times \$50.00 = \text{labor and travel cost} \\
 = & \text{Total}
 \end{aligned}$$

Or no less than \$50.00 per trip based on scope and complexity of the project

Projects with a total construction cost of \$500,000.00 to \$2,000,000.00

$$\begin{aligned}
 & \text{Total construction cost} \times .002 = \text{insurance cost} \\
 + & \text{Estimated length of project in weeks} \times \$50.00 = \text{labor and travel cost} \\
 = & \text{Total}
 \end{aligned}$$

Or no less than \$50.00 per trip based on scope and complexity of the project

Projects with a total construction cost of > \$2,000,000.00 to \$6,000,000.00

\$4,000.00 + [(Total construction cost - \$2,000,000.00 x .0009] = insurance cost
+ Estimated length of project in weeks x \$45.00 = labor and travel cost
= Total

Projects with a total construction cost of > \$6,000,000.00 to \$10,000,000.00

\$7,600.00 + [(Total construction cost - \$6,000,000.00 x .0008] = insurance cost
+ Estimated length of project in weeks x \$40.00 = labor and travel cost
= Total

Projects with a total construction cost of > \$10,000,000.00 to \$30,000,000.00

\$10,800.00 + [(Total construction cost - \$10,000,000.00 x .00075]=insurance cost
+ Estimated length of project in weeks x \$40.00 = labor and travel cost
= Total

Projects with a total construction cost of > \$30,000,000.00 to \$50,000,000.00

\$25,800.00 + [(Total construction cost - \$30,000,000.00 x .0007] = insurance cost
+ Estimated length of project in weeks x \$40.00 = labor and travel cost
= Total

*** Pricing schedules assume that the project will not cause an increase in any insurance costs.**

The inspection fees for Mechanical, Plumbing, Electrical, Energy, Accessibility and Fire Protection are computed at 25 percent of the Building inspection fee for each discipline. Multiple prime contracts will be computed the same as a building inspection fee and combined prime contract fees shall be no less than a single contract fee, distributed on a percentage of total basis.

Commercial Plan Reviews

Commonwealth Code Inspection Service, Inc. will perform commercial plan reviews. Our Commercial Plan Review fee (\$150.00 minimum) are calculated according to the ICC Valuation Service or actual cost of construction as follows:

Estimated Construction Value \$0.00 to \$1,250,000.00 = Construction value x .0015
(\$150.00 minimum)

Estimated Construction Value \$1,250,000.00 to \$5,000,000.00 = \$1,875.00 + (.0005 x construction value over \$1,250,000.00)

Estimated Construction Value over \$5,000,000.00 = \$3,750.00 + (.0004 x construction value over \$5,000,000.00)

Plan review for mechanical, plumbing, electrical, energy, accessibility and fire prevention are computed at 25% of the building plan review fee for each discipline.

Special pricing may be given to buildings such as warehouses, due to their relative simplicity or structures with repetitive features such as high rise buildings.

This formula does not reflect changes that ICC may have made to their fee schedule. We will use other plan review services that meet our criteria for consistent quality and charge the same or less than ICC reviews.

Plan reviews covering the requirements of mechanical and plumbing codes are available, each for a fee of 25% of the applicable building code review fee. Plan reviews for the requirements of the electrical code shall be provided at a fee of 35% of the applicable building code review fee, excluding reviews for any use included in the "I" (Institutional) use group classification. Reviews done for the excluded use classification shall be based upon the degree of complexity.

A preliminary plan review is available for a fee of 50% of the full plan review fee cost. Preliminary plan review addresses such code requirements as: Use and Occupancy Classification, type of construction, height and area calculations, means of egress, and fire restrictive construction requirements.

The preliminary plan review fee shall be credited towards the cost of a complete building code plan review conducted by Commonwealth Code Inspection Service, Inc.

Expedited or "fast-track" plan reviews may be available as time and work-load allow, Expedited plan reviews shall be charged at 150% of the regular rate.

CHECKS FOR PLAN REVIEW FEES SHALL BE MADE PAYABLE TO:

Commonwealth Code Inspection Service, Inc. (CCIS)
